BUSINESS SUPPORT

GUIDE FOR START UPS

FOREWORD

Welcome to the Business Support Guide for businesses currently operating or looking to relocate to Britain's Ocean City.

There is a large and yet frequently changing amount of business support available making it a full time job for businesses to keep up.

To make the process of finding appropriate support easier for businesses in the City, Plymouth City Council Economic Development Service produce and maintain two booklets focussed on helping start ups and existing businesses to find support locally available:

[Click here](#) to see Business Support Guide for Existing Businesses.

The guide is divided into a number of sections: Business Advice / Business Support /Export / Finance / Net Carbon Zero /Networks / Skills / Tech Support, making it easier for you to quickly find the desired support.

We aim to update this guide at six monthly intervals to ensure the contents stay relevant and up to date.

The information in this guide is subject to change and was accurate when published in September 2024.

If you notice any business support that has been left out, please contact us:
